

# 2009 Contract Negotiation Suggestions

We are preparing for our upcoming contract negotiations, and your suggestions are important to your Union! All you need to do is to read the newspapers to know public sector workers have had a target on our backs over our defined pensions and our *premium-free* health care benefits. And it is no secret as to the current economic climate of crisis. However, as we continue to go forward, please list those contractual items on the next page that are most important to you, and which you would like to see enhanced. You can be assured that every suggestion will be carefully reviewed for consideration. You may e-mail your Contract Negotiation Team at [www.scame.org](http://www.scame.org) or fax us at 589-8864, or mail your suggestions to AME Headquarters @ 30 Orville Drive, Suite A, Bohemia, NY 11716. *Thank you for taking the time to assist your AME Union brothers and sisters as they assist you!*
